AMENDMENT

Sir:

In response to the Office action of September 20, 2005, the attached specification and claims to the Applicant Data Sheet have been corrected.

Amendments to the Specification begin on page 4, whereby 8 paragraphs were added to the specification providing further description of the device.

Amendments to the Claim the words "will", "may also", "such as", "capable of" and "can" were all removed from the claims, semicolons were added as suggested, "the invention" was replaced with "the device." Claim 8 was amended to no longer be narrative in form.
